debt up 390 per cent?

As I understand the whole lot of figures, everybody, from Washington to state and local governments to business firms to consumers, is anywhere from 17 per cent to 390 per cent deeper in debt now than he was 15 years ago, and what I want to know is, who's got all this money to lend?

This is what floors me about finances, but in the meantime if you find out the names of any stores willing to let me bring my debts up to the national level of 390 per cent, send me their names quick. It won't be any trouble to find out how much I'd have to buy to increase my debts of 15 years ago by 390 per cent. I know what my debts were 15 years ago; I ought to, I've still got 'em.

## Agent Urges Early Soil Sampling

Now is the time to have your soil tested in preparation for the fall planted wheat and other small grains, says Jones County Agent, Kirby Clayton.

Early soil sampling and testing is encouraged by the agent to avoid the fall rush that crowds the states three testing laboratories during the wheat and small grain planting period.

Fertilizer demonstrations on wheat in the Seymour area have consistently shown increases from 12-20 bu. acre wheat to 40-50 bu. per acre in many cases. Test which have been run over the past eight years in that area show that fertilizer on wheat, where properly applied, pays dividends.

Information on soil sampling, soil sampling bags and instruction sheets are available at the County Agents Office. Farmers are urged to get their samples in early to avoid a last minute rush on the Soil Testing laboratories.

For further information on Soil Testing, call by the County Agents Office.

## TO THREAD A NEEDLE

Did you ever thread a needle?

... Most everyone has, it

takes a good eye, for the

opening is small. Did you

ever try to thread one while

someone else held the needle?

... This is almost impossible. All

this brings us to the point that...

there are some things that we must do

ourselves. We can not send someone

else to church for us, we can not

have someone else worship the

Lord for us. These things

are strictly on an

individual basis.

ATTEND CHURCH

THIS SUNDAY

... YOU'LL BE

GLAD THAT

YOU DID.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may be provided by the Legislature, to make appropriations for assistance to and for the payment of sums to:

wasn't too much for her. It seems that the Fairview news got very badly mixed up last week and reported things that didn't happen that way. The Ford's do not have a new grandson, it was Mrs. Henry Kee, of Lubbock, that has the new grandson, the Ford's did not go to Spur, they visited his brother in Lueders, the Goodwin's went to Spur. So we hope this makes all those concerned feel better, it wasn't them mixed up, it was what they read.

Mel Jones went fishing Saturday afternoon and caught enough fish to cook for supper.

Mr. and Mrs. Joe R. Rosenbaum, Pampa, were guests of his parents, the Fred Rosenbaums, over the week end.

Mr. and Mrs. Jimmy Joiner, Jeannie and Ronald, ate lunch with his parents, Mr. and Mrs. Elmer Joiner, Sunday. Jeannie will spend the week with her other grandmother, Mrs. Bailey Meeks, this week.

Mr. and Mrs. Jack Wright, Melinda and Keenan, went to Anson Sunday to attend the Wright reunion. It was held in the park and was the gathering of the family of Mr. and Mrs. Joe Wright, Jack's grandparents.

Mr. and Mrs. E. A. Henry entertained their children, Mr. and Mrs. Jimmy Henry, Kathy and Judy, from Houston, Friday through Saturday. Mr. and Mrs. Clois Henry and children, Snyder, joined them Saturday.

Sunday's lesson was on who is your brother, so Sunday night H. L. Ford practiced what he learned, by bringing a car load of fresh cantaloupes to church and giving them away.

Mr. and Mrs. Elmer Joiner attended Family Night affair held at the roping arena Saturday night.

Linda Goodwin spent last Wednesday night with her friend, Suzanne Wicker, in Hamlin.

Mrs. Sharlot Gabriel and Teresa took part in the family rodeo, Saturday night. Teresa had trouble in making her horse get along, she will have to learn that horses are like people, they have to have a little switching some times. Oh yes, Tommy did take part in the bull riding.

Some from out our way attended funeral services Friday afternoon for Mrs. T. C. Gregory. We extend sympathy to the bereaved family.

Only two more weeks until our revival will be in progress, we still invite you to come be with us every chance you have.

**Spencer's Mountain Coming to Rogue**

Enriching the screen with its glowing portrait of family love, selflessness, heartbreak, sacrifice and triumph, "Spencer's Mountain," starring Henry Fonda, Maureen O'Hara, James MacArthur, Donald Crisp and Wally Cox, opens Sunday at the Rogue Theatre. Producer - director - scripter Delmer Davis filmed the tender and appealing romantic drama against the majestic splendor of the towering peaks of Grand Teton National Park.

The soaring Teton peaks with their swirling trout streams, flower-blanketed fields and pine forests were the perfect site for the story of a rugged mountain community and the robust family that dominated it.

Portraying the hard-working, hard-living, hard-drinking, hard-loving, rough-talking father of nine, Fonda etches an unforgettable portrait as the

Irish charm to the role of the strong-willed woman who tamed the Mountain's rowdy, lusty lover and shares his home and his hopes. "Spencer's Mountain" marks Miss O'Hara's 47th consecutive starring role on the screen.

## NEINDA PHILOSOPHER WILL GET HIS DEBTS UP TO NATIONAL AVERAGE IF STORES ARE WILLING

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route one gets bogged down in figures this week, his letter reveals.

Dear editor:

I'm always hearing people complain about the national debt and then they shake their heads and say, "I don't believe the Federal government will ever get out of debt."

What I'd like to know is, will anybody?

What I mean is, I was reading a newspaper article last week and ran across some figures that gave me so much to think about I haven't been able to settle down to work since, and if I do work out of the slump, I'll hunt up some more.

According to them, since 1947 the Federal debt has increased by 17 per cent, while business firms increased their gross debt by 230 per cent and consumers by 390 per cent and local governments by 330 per cent.

As you can see by this, the Federal government is falling down on the job. What kind of leadership is it when Washington goes in debt only 17 per cent deeper while state and local governments are going in 330 per cent?

But the thing that fascinates me about the figures is the fact consumers have increased their debt by 390 per cent since 1947.

What I want to know is, how do they do it? Where are the stores? That's the trouble with an article like that, it leaves out the most important part—where can I find the stores that'll let me run my

## Agent Urges Early Soil Sampling

Now is the time to have your soil tested in preparation for the fall planted wheat and other small grains, says Jones County Agent, Kirby Clayton.

Early soil sampling and testing is encouraged by the agent to avoid the fall rush that crowds the states three testing laboratories during the wheat and small grain planting period.

Fertilizer demonstrations on wheat in the Seymour area have consistently shown increases from 12-20 bu. acre wheat to 40-50 bu per acre in many cases. Test which have been run over the past eight years in that area show that fertilizer on wheat, where properly applied, pays dividends.

Information on soil sampling, soil sampling bags and instruction sheets are available at the County Agents Office. Farmers are urged to get their samples in early to avoid a last minute rush on the Soil Testing laboratories.

For further information on Soil Testing, call by the County Agents Office.

Mrs. Joe Gray and son have been visiting relatives in Hamlin and Anson while Mr. Gray has been in Canada on business. They are from Denver, Colorado.

*It takes a Good Eye...*

**TO THREAD A NEEDLE**

Did you ever thread a needle? ... Most everyone has, it takes a good eye, for the opening is small. Did you ever try to thread one while someone else held the needle? ... This is almost impossible. All this brings us to the point that ... there are some things that we must do ourselves. We can not send someone else to church for us, we can not have someone else worship the Lord for us. These things are strictly on an individual basis.

**ATTEND CHURCH THIS SUNDAY ... YOU'LL BE GLAD THAT YOU DID.**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 15a and 15-b of Article III of the Constitution of the State of Texas be amended, and the same are hereby amended, so that the same shall hereinafter consist of one Section to be known as Section 15a of Article III, which shall read as follows:

wasn't too much for her. It seems that the Fairview news got very badly mixed up last week and reported things that didn't happen that way. The Ford's do not have a new grandson, it was Mrs. Henry Kee, of Lubbock, that has the new grandson, the Ford's did not go to Spur, they visited his brother in Lueders, the Goodwin's went to Spur. So we hope this makes all those concerned feel better, it wasn't them mixed up, it was what they read.

Mel Jones went fishing Saturday afternoon and caught enough fish to cook for supper. Mr. and Mrs. Joe R. Rosenbaum, Pampa, were guests of his parents, the Fred Rosenbaums, over the week end.

Mr. and Mrs. Jimmy Joiner, Jeannie and Ronald, ate lunch with his parents, Mr. and Mrs. Elmer Joiner, Sunday. Jeannie will spend the week with her other grandmother, Mrs. Bailey Meeks, this week.

Mr. and Mrs. Jack Wright, Melinda and Keenan, went to Anson Sunday to attend the Wright reunion. It was held in the park and was the gathering of the family of Mr. and Mrs. Joe Wright, Jack's grandparents.

Mr. and Mrs. E. A. Henry entertained their children, Mr. and Mrs. Jimmy Henry, Kathy and Judy, from Houston, Friday through Saturday. Mr. and Mrs. Clois Henry and children, Snyder, joined them Saturday.

Sunday's lesson was on who is your brother, so Sunday night H. L. Ford practiced what he learned, by bringing a car load of fresh cantaloupes to church and giving them away.

Mr. and Mrs. Elmer Joiner attended Family Night affair held at the roping arena Saturday night.

Linda Goodwin spent last Wednesday night with her friend Suzanne Wicker, in Hamlin.

Mrs. Sharlot Gabriel and Teresa took part in the family rodeo, Saturday night. Teresa had trouble in making her horse get along, she will have to learn that horses are like people, they have to have a little switching some times. Oh yes, Tommy did take part in the bull riding.

Some from our way attended funeral services Friday afternoon for Mrs. T. C. Gregory. We extend sympathy to the bereaved family.

Only two more weeks until our revival will be in progress, we still invite you to come be with us every chance you have.

# Spencer's Mountain Coming to Rogue

Enriching the screen with its glowing portrait of family love, selflessness, heartbreak, sacrifice and triumph, "Spencer's Mountain," starring Henry Fonda, Maureen O'Hara, James MacArthur, Donald Crisp and Wally Cox, opens Sunday at the Rogue Theatre. Producer-director-scripter Delmer Davis filmed the tender and appealing romantic drama against the majestic splendor of the towering peaks of Grand Teton National Park. The soaring Teton peaks with their swirling trout streams, flower-blanketed fields and pine forests were the perfect site for the story of a rugged mountain community and the robust family that dominated it.

Portraying the hard-working, hard-living, hard-drinking, hard-loving, rough-talking father of nine, Fonda etches an unforgettable portrait as the

screen shines with with his earthy humor, roars with his anger and bristles with his determination to achieve the best for his brood.

Maureen O'Hara brings the full force of her classic Technicolor beauty and her fiery

Irish charm to the role of the strong-willed woman who tamed the Mountain's rowdy, lusty lover and shares his home and his hopes. "Spencer's Mountain" marks Miss O'Hara's 47th consecutive starring role on the screen.
